

# LET YOUR CHILD MAKE THE MOST OUT OF THEIR TEEN YEARS

## Attend a concert

The excitement, vibe, and the feeling of listening to their favorite artist in a live performance would make a memory to recall.

## Road trip

Taking the long road and driving with friends while making memories over food, laughs, and games will make the best road trip.

## Polaroid photoshoots

Having a polaroid picture of the best moments with their friends is a classic and must-do activity.

## Scavenger hunt

Exploring and vlogging the journey of finding something unique and exciting is in trend, and your teenager may hop on it.

## Reel making

This cannot be missed! Reels of dancing, acting, or simply recording their fun moments gives a forever video album to look back upon.
