

Safety Measures To Follow At Home For Baby Scooting

Use door knobs and childproof locks to close room doors.

Place electrical appliances away from the baby's reach.

Secure all the cabinets and drawers with safety locks.

Install secure grills on the balcony and the windows.

Cover all power sockets with outlet covers or plates.

Keep sharp objects and sharp-edged furniture away from the baby's reach.

Install safety gates wherever required, especially near staircases.

Tighten loose furniture joints and anchor unstable furniture to the floor.
