

# FROM A FOREVER GRATEFUL CHILD OF *A Single Father*

"A father who raises children on his own is nothing short of a hero. He is not only an amazing man but also the perfect role model for his children."

"It's rare you see a single father...that's why I show my appreciation to the ones that are! Single fathers don't get enough credit."

"Being a single father is twice the work, twice the stress, and twice the tears but also twice the hugs, twice the love, and twice the pride."

"A good single father is one of the most unsung, unpraised, unnoticed, and yet one of the most valuable assets of our society."

"To all the single dads, I see your invisible cape, and I thank you for being the kind of man every mom wants for her daughter someday."

"Always remember that by being a single father, you have chosen to live a life that is first dedicated to your children and then to you. You could have had it easy too, but you decided to be there for your children, so be proud of it."
