

EXCITING Recycling Games For Children

Waste no water

The team that arrives at the finish line with the most water in the container wins.

Bottle bowling

You can enhance your child's motor skills by playing this exciting game.

Scavenger hunt

Develop your child's problem-solving skills by encouraging them to find recyclable items.

Tumbling tows

This exciting game requires children to make the tallest tower by stacking aluminum cans one upon the other.

Recycling relay

With this exciting game, children can have fun and learn about the three R's (reduce, reuse, recycle).

Newspaper dump

Simple activities like this one help children develop hand-eye coordination and the ability to follow instructions.

Trash can relay

Relay races help children develop fine motor skills and social skills.

Passing the trash

This fantastic game teaches children about the three R's while passing different items.
