

⚠ Warning Signs ⚠ You Must Not Ignore — While Dating A — Separated Man

He always bad-mouths his wife and uses profound language to describe her. Even though she may have been the toxic one, he should try to maintain decency.

He never wishes to discuss what went wrong and becomes defensive upon a simple question. It may be a sensitive topic for him, but you also have the right to know.

NO!

He seems unsure about his feelings for his wife and is delaying the divorce procedures by giving unconvincing excuses.

He does not care about his children and ignores his fatherly responsibilities, such as avoiding their calls and birthdays and not providing for them.
