

Pros And Cons

Of

Aries-Aquarius Relationship

Positives

Both signs are highly intelligent and analytical.

Aquarius helps Aries in remaining calm, while Aries helps Aquarius in bringing out their best.

Aries respects Aquarius' intelligence and knows that Aquarius can stand up to them.

These signs support one another in achieving their goals.

Negatives

Aries could develop possessiveness and limit Aquarius' freedom.

Strong emotions and the lack of compassion in both signs may cause disputes.

Both signs may get agitated and bored or fear losing their independence.

They tend to have cold, emotionless sex, which can get boring after a while.
