

Is Your Beau Gay? Check for These Signs

Signs your boyfriend may be gay

- He is more interested in and attracted to the physique of other men than women
- He watches gay or bisexual pornography for pleasure
- There is unusual intimacy between him and his guy friends without any awkwardness

What should you do about it?

- Calmly confront him before making any assumptions
- Don't judge but listen with empathy to understand him
- Seek professional help to figure out what you can do about your relationship now
