ONLINE DATING ETIQUETTE TO FOLLOW

Decide if you want something serious or casual and be transparent about it

Ask questions about their interests and give occasional compliments

Do not sugar-coat things and be yourself

Do not take too long to reply, and try not to rush them to reply as well

Get to know them better before meeting in person & sharing you contact details

If they seem disinterested, leave and do not bother them further

WHY IS ONLINE DATING SO POPULAR?

It helps to get past the nervousness of the first date

It improves your chances of finding the perfect match

Your options are no longer limited to your place of living

Besides flexibility, it helps to understand each other's personalities better
