

Buying Guide For Toilet Bowl Cleaner Tablets

1

Usage: Choose the tablet as per your needs. Some kill germs and others remove only stains.

2

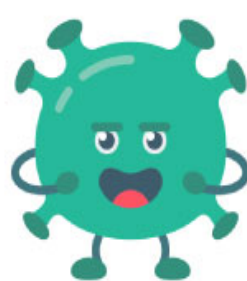

Color: The tablet's color is a sign that you need to replace it so you can keep the new batch of tablets ready.

3

Ingredient safety: Consider the safety of the ingredients in the tablet, especially if you have children or pets or are concerned about the environment.

4

Active ingredients: Look for tablets that contain bleach or other powerful disinfectants to kill germs and bacteria.

5

Scent: Take into account the desired strength of fragrance in the tablet.

6

Environmentally friendly: Select a tablet that doesn't cause damage to the plumbing system.

7

Attachment type: Toilet bowl tablets are available as drop-ins or clip-on, with drop-ins suitable for septic tanks and toilet bowls and clip-ons only suitable for toilet bowls.
