

Choosing

A Puzzle For Your 3-Year-Old

Age-appropriate: Buy a puzzle that has fewer pieces and is simple with easily recognizable pictures.

Durability: Choose one that is made of high-quality materials to withstand rough handling.

Safety: Make sure the pieces are smooth, free of sharp edges, and large enough to avoid choking hazards.

Theme: Choose a puzzle with captivating themes to motivate them to work on the puzzle.

Developmental benefits: Look for puzzles that can aid in developing your child's fine motor and problem-solving skills.

Difficulty level: The puzzle should be challenging enough to keep them engaged but not too difficult that they lose interest in trying to solve it.
