

# HOW TO ENSURE YOUR *Curious* & *Wobbly*

## 18-MONTHS-OLD'S SAFETY?

Instruct them to be gentle and cautious around pets.

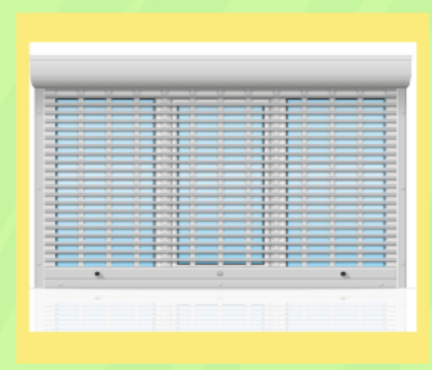

Keep the poison control number in an easy-to-see place, such as on the refrigerator.

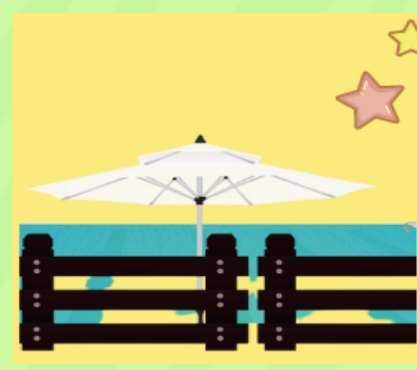

Adults should always supervise outdoor play.

Put gates at the top and bottom of the staircase.

Put sturdy screens on windows.

Fence your swimming pool, and all gates leading to the pool should be locked.

Keep medicines, sprays, knives, scissors, and choking hazards out of the child's reach.

Always put your child in a height- and weight-appropriate car seat.
