

How To Respond If Your Man Leaves You For Another Woman

If you think you were in the wrong and want to mend your relationship

Have an open discussion with him

Acknowledge his contribution and accept the mistakes

Show him empathy

Spice up your relationship

However, if you've decided to end your relationship

Don't wait for him to explain if he's ignoring you constantly

Accept the situation

Prioritize yourself and start afresh

Avoid trying to outdo that "other woman"
