

HOW TO STRENGTHEN A **CANCER &** **SAGITTARIUS** **RELATIONSHIP?**

The confident Sagittarius should help Cancer foster their ability to voice their minds.

Both partners must establish and respect boundaries.

Cancer enjoys sitting and talking with those they care about, and the outgoing Sagittarius should find ample time to talk to Cancer.

Cancer should let loose and allow Sagittarius to have the freedom they need.

Sagittarius loves to roam and grow, and Cancer should offer them the attention and trust they need to be responsible individuals.

Cancer is sensitive, and Sagittarius should be mindful of their actions and provide emotional support.

Sagittarius should take matters as seriously as their Cancer partners prefer.
