

Interesting Drawing Designs For Children

Tessellations

Create continuous shapes and patterns on paper without leaving any gaps or overlapping any shape with others.

Zentangle

Draw and color a collection of patterns on paper as a way to calm your chaotic mind.

Shadow drawing

Use the science of light and shadow and trace the shadow of the object reflecting on a paper to make a drawing.

Mandala

Pen down intricate and beautiful geometric patterns on paper by drawing a collection of patterns continuously.

Animation

Read expressions and use imagination to draw an animated storyline.

Doodling

Make patterns, draw or scribble down anything you want on paper, and color them to see beautiful results.

Abstract drawing

Try drawing straight and curvy lines on paper or canvas without following any particular pattern, shape, or form.

Melted crayon painting

Place the small crayons on a canvas placed on a hot plate; allow the melting crayons to flow in any direction you choose to create lovely patterns.
