

Types Of

Wakeboard Bindings

Open-toe bindings

The tip of the toe is not covered to offer more space for the toes

Best for growing children and families sharing one pair

Offers more flexibility to beginners

Closed-toe bindings

Provides precise fit to the individual rider

Suitable for advanced riders for more control and high heel-to-toe responses

Keep feet warm and safe during winter

System bindings

Also known as step-in bindings

Provides separate boots and frame to screw or bind the boots to the board

Comes with a high-back frame with ratchet straps to adjust the fit as per the need
