

DIFFERENT TYPES OF BASEBALL GLOVES

Pitcher

- Closed web design with a snug fit
- Enhances the grip on the ball and influences its trajectory

Outfielder

- Extended and deeper closed web design
- Makes catching flying balls easier

Catcher

- Oversized pockets with thick padding
- Makes catching fast-paced balls convenient

First baseman

- Large-sized without separate fingers
- Helps scoop the ball from the ground and facilitate low throws

Second baseman

- Smaller-sized, with shallow pockets and large holes
- Helps scoop the ball quickly from the ground without gathering dirt

Third baseman

- Longer and deeper pockets
- Helps knock down fast-paced balls with swiftness
