

Different Types of

For A Newborn

Tummy time toys include child-safe mirrors and play gyms, encouraging the baby to lie on their tummy.

Teething toys feature smooth, food-grade surfaces to soothe the baby's itchy gums.

Stroller toys easily attach to any stroller, keeping the baby entertained on the go.

Musical and rattling toys introduce the child to different sounds, tunes, and rhythms.

Tactile books introduce the baby to different textures, fabrics, shapes, and colors.

Wearable toys can be put on the baby's clothes, ensuring drop-proof playtime.
