

Making Him Chase You - Things Not To Do

Don't play too hard to get. It ruins the fun, and he may start to lose interest.

Don't rave about other men in front of him. Keep it to healthy flirting.

Don't dress inappropriately in your attempt to attract him.

Don't go overboard with your waiting game and make him feel ignored.

Don't act childish and immature. This can be a turn-off for most guys.

Don't pretend to be clueless when he does show interest in you.

Don't change yourself and pretend to be someone you are not.
