

Eight Must-Have Items To Put In A Diaper Caddy

Diapers

Stack a sufficient number of diapers needed for two to three days.

Wet wipes

These sheets help clean and sanitize your little one quickly when changing the diaper.

Diaper rash cream

The ointment comes in handy between changing diapers to soothe irritated skin.

Changing pad

The pad protects the changing table's surface from diaper mess.

Burp cloths

These cloths help clean your child conveniently after a feed.

Pacifier

This device helps soothe a cranky baby during a diaper-changing session.

Paper or plastic diaper covers

These help wrap the soiled diapers conveniently.

Small toys

The toys facilitate the diaper-changing process by keeping your baby engaged and distracted.
