

How To Write A Memorable *Love Letter*

To Your Husband?

Make the letter specific by referring to him by a sweet nickname.

Refer to memorable places and romantic moments that you both cherish.

Include precious, intimate memories to make him blush and the time that brought the best out of your marriage.

A little humor is a must, so include tickling and secretive jokes.

Shower him with love, respect, and appreciation.

On a closing note, use wordings like "only yours" or "forever yours."
